## **2005 ACPE ANNUAL CONFERENCE**

**October 22-29**

**Waikiki Beach Marriott Resort and Spa**

**2552 Kalakaua Avenue**

**Honolulu, Hawaii 96815-3699**

**Theme: "*Surfing the Waves of Change*"**

**ACPE stands at the crossroads of many vital issues for our communities in education and healing, religious and spirituality. As the waves of change keep crashing in upon us, we are constantly being asked to reframe, renew and reconstruct our understanding, practices and mission. As new people and new ideas roll in, we must seek to understand and integrate that which is unfamiliar, uncommon and uncomfortable. Our strength comes from a strong foundation that has brought us to today. But, as the ocean is ever changing, we must be ready to surf the waves of change and embrace what the future holds, or risk "being wiped out"."**

**This conference will incorporate the ACPE educational model of encountering and reflecting, going out to experience and returning to discuss and understand. It will create opportunities to experience people, practices and programs that will challenge us to see other horizons.**

**Reservations: To obtain the special rate, enter the ACPE Group Code: acpacpa (Note: There is no "E" in the code and that is intentional). The special room rate of \$149 per night is good for three days before and three days following the Conference.**

Long Range Development Committee  
Southeast Region ACPE  
March 25, 2004

The Administrative Board has charged the Long Range Development Committee with the task of initiating and guiding a planning process to begin now, and to continue through completion of particular tasks in 2008. This process would consider our mission as a region, our life as an organization/community, our structure and governance and our leadership needs, including a review of the job description of the Regional Director. It is hoped that this process will involve the body as a whole, so that every voice can be heard, and that we can move forward as a region to meet the challenges of transition and the strengthening of CPE in this region for the future.

The Long Range Development Committee recommends:

- 1 That a New Visions Task Force be authorized to serve for the period 2004-2008, and that this task force include the Long Range Development Committee and additional members named by the body of the region at its 2005 meeting, to ensure representation of generations, diversity and committee leadership experience.
  
- 2 That the next three regional meetings focus on process of the whole body as it engages the following themes:
  - 2005 Our Mission**—appreciating what we do well, envisioning what we would like our organization to be about in 5-10 years, reaffirming our sense of purpose.
  - 2006 Our Organizational Life**—our values as a community, e.g., full participation, ownership of decision-making, inclusiveness, communication in the work of the region, mutual support, etc., and how structure and governance can better serve and express our values
  - 2007 Our Leadership**—the leadership structure we need for the future, our patterns of leadership selection, what we need from the Regional Director position in the future
  - 2008 Implementation of any structure-governance for the region, and new job description for the Regional Director
  
- 3 That the Long Range Development Committee be authorized to request funding for this project from the Administrative Board, and that facilitators of this process be utilized as recommended by the Long Range Development Committee/New Visions Task Force.

Respectfully submitted,

Gene Locke, Chair
